

### Half-Day Preschool/ PreK Pick Up

To allow for continued flow of traffic, we need to relocate the ½ day pick up to the main parking lot. We cannot block traffic on the horseshoe each day, as this backs cars up on US-40. Many days, people who have scheduled appointments at the church or have volunteer duties in the school get caught in dismissal traffic... even Fr. Glenn has been caught!

Therefore, we will follow the below procedures beginning **Thursday, August 25:**

- Enter through the horseshoe, but continue Right around the building.
- Turn Left at the white garage and follow the perimeter of the lot around to the shed.
- Turn Right at the shed, driving parallel to the line of orange cones. Cones on your RIGHT.
- Once you approach the school building, you will turn RIGHT and pull up alongside the building.
- Stop at the crosswalk by the Main School Doors (door #3), facing South and parallel to the school.
- There should be room to form 2 lines once you pass the cones. Please do NOT try to form 2 lines until after you turn by the school.
- Turn off your engine while you are waiting.
- Be certain to display your carpool tag. Students will be dismissed through door #3. Staff will walk your child to your car, as usual.
- Once your child is in your car, please pull forward. You may pull up along the sidewalk on the right by the church to buckle your child in.
